Gear Up Accounting Seminar

Statement on Standards for Accounting and Review Services No. 19, effective in 2011, replaced and/or revised almost every one of its predecessors, resulting in the most significant change in financial statement presentation since 1978. **This year's**

Gear Up Accounting Seminar is special: this year the focus is on you, your practice's quality control system, and what all this means to your client. In addition to an in-depth discussion of each SSARS No. 19 and SSARS No. 20.

Richard J. Spead, Ph.D., MST, PA, EA, CFE, CFS, CBM, ATA, ATP, ABA, DABFA, FACFEI

IRS Practices and Procedures A-Z

Dr. Spead will focus on real world practical application of tools to solve your clients' tax problems using methods already in place. This will be an in depth discussion on how to work through the red tape at the IRS to gather the information needed, what forms to submit, and how to register and use the IRS e-services. The education obtained in this seminar will help you better serve your clients and run your practice more efficiently.

Monday Night Social Dinner
